Making It Easy

Building a new home or tourist cabin can be tricky. There are lots of things to consider and manage – budgets, time, loans and the decisions!

At Uniplan Group we make building easy. We understand how overwhelming and insurmountable it can all seem. We've helped so many home buyers by making the process easy. We have a proven process to guide you every step of the way.

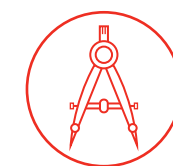

Options

We have enough choices for you to complement your home.

Experience

With over 20 years in the industry, we have our process down to a fine art.

Designer Quality

We are always looking for new and improved products to offer our clients.

We Make It Easy

We want to take the stress away so we try our hardest to make it easy for you.

External

On the following pages we have compiled some concept external colour palettes to help you with the decision making.

By choosing from this palette you know you have made a safe choice. Of course, as always, we're happy to have our design team work with you to pick your exact colour selection to suit your style.

Balmoral

Cambridge

WINDOWS, SKIRTING,
ARCHITRAVES, POSTS
& FRONT DOOR
Colorbond: Surfmist

CLADDING
Colorbond: Evening Haze

ROOF, GUTTERS, FASCIA
Colorbond: Pale Eucalypt

DECKING
Standard: Merbau
Upgrade: Modwood

A design mockup for the 'Cambridge' exterior finish. It features a central window frame with a light beige surround. To the left is a vertical image of a tree trunk. To the right is a branch with green leaves and pink flowers. Below the window is a dark green rectangular panel. At the bottom right are two wooden decking planks, one light brown and one darker brown. The background is a light beige wall with horizontal cladding lines.

York

SKIRTING, ARCHITRAVES,

Colorbond: Surfmist

CLADDING
Colorbond: Shale Grey

DECKING
Standard: Merbau
Upgrade: Modwood

WINDOWS, ROOF,
GUTTERS, FASCIA
Colorbond: Deep Ocean

A design mockup for the 'York' exterior finish. It features a central window frame with a light beige surround. To the left is a vertical image of a blue ocean. To the right is a branch with light brown, feathery flowers. Below the window is a dark blue rectangular panel. At the bottom right are two wooden decking planks, one light brown and one darker brown. The background is a dark grey wall with horizontal cladding lines.

Cladding

Weathertex

Weathertex is a low maintenance, lightweight product made from natural Australian timber, made to last. Weathertex uses PEFC certified state forest or private hardwoods from controlled sources to create eco-friendly, timber products that are completely natural with no chemical additives.

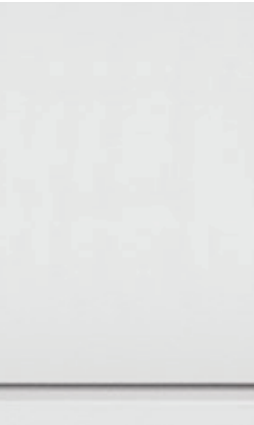

On average, repainting is required every 15 years. Warranty: not to rot, split or crack for 25 years.

Internal

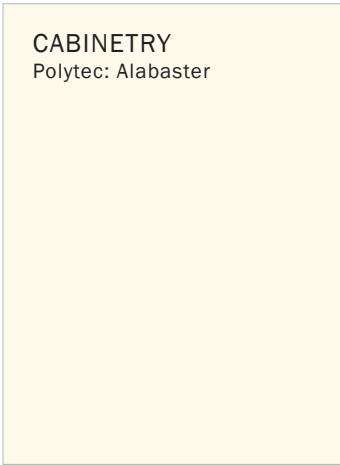

Just like our external colour schemes, these internal palettes are designed to help you get started. You're welcome to mix and match between schemes or start from a clean slate and choose your colours from scratch.

The options include a blend of lush, soft tones through to bold and beautiful. Seeing colour options in the flesh is always a good idea, so use this brochure as a starting point, but be sure to meet with our design team who can show you real colour swatches. Let your interior design skills run wild!
